HOW TO

START CHARGING WITH US

1. DOWNLOAD APP & SIGN UP

Download our app from App/Google Play Store and sign up.
You can also sign up from our website by clicking the "Sign Up" button above.

2. FIND STATION

Find the nearest compatible charging station through our app.
You can also add a frequently used station to your favorites list!

3. PLUG IN

Our charging stations offer multiple connector options, so you choose & filter by the compatible plug. Please follow your EV manufacturer's instructions to plug into your EV charging port.

4. START A SESSION

Activate a charging station from your app.
(Make sure you have enough balance to start a charging session!)

5. DRIVE

The charging session will automatically stop when your vehicle is fully charged.
You can also control the charging session through the app.
You're good to go and ready to get back on the road!
